**TECHNICAL DATA SHEET**

**Digital floor Vinyl de Luxe**

**DESCRIPTION:**
Digital floor Vinyl de luxe is a printable vinyl suitable for solvent and UV printers. It is best suited for indoor floor graphics or show floors. Digital floor Vinyl de Luxe is engineered for indoor use but can be used outdoors for short and longer durations and is ideal for use in corporate lobbies, waiting areas, foyers and trade show booth floor graphics and all promotional and events - catwalks.

**PHYSICAL PROPERTIES:**
The following information on physical and chemical characteristics is based upon tests believed to be reliable. The values are intended only as a source of information. They are given without guaranty and do not constitute a warranty. Therefore, the results obtained from the use thereof, or that any use will not infringe upon any patent. The purchaser should independently determine, prior to use, the suitability of this material for his/her specific purpose. (Data represents averages and is not intended for use as a specification.)
